INTRODUCTION

The North Adelaide Football Clubs is committed to assisting and supporting, in as many ways as possible, all the clubs and schools that are located in its promotional zone.

This booklet outlines the programs offered by our Club, in conjunction with the SANFL, the methods used to attract players to the elite program and the support offered to clubs and schools to ensure as many people as possible are playing Australian Rules Football.

This booklet will therefore ensure that all relevant parties in the football community are clear on what North Adelaide offers and how you can access these programs.

In 2003 the SANFL restructured their football operations and as a result several programs that were run by SANFL clubs are now run by the SANFL. Craig Oliphant is the SANFL Game Development Coordinator (Northern) who works closely with the NAFC Talent Manager, to promote football within the Northern Areas Football Association, Spencer Gulf Football League and from 2018 the Whyalla Football League.

We look forward to working with you all to maximize the numbers playing Australian Rules Football, for the benefit of the individual and to the School and/or Club.

ZONING RULES FOR PLAYERS

The SANFL has divided South Australia into 8 promotional zones. This ensures that each SANFL club has an even share of the available players in the State. It also means that each SANFL club is given sole responsibility for assisting local clubs and schools to promote Australian Rules Football.

If a person is under 18 years of age, they are bound to play football for one of the 9 SANFL clubs, based on their home address, not their school or Club address. In the case of a split family the mother's address is used, unless it can be proven they live more than 50% of the time with their father. If a family moves address, the previous address is used until 12 months after they move. This means you can not change address and be eligible to straight away able to play for another SANFL club.

This zoning rule only applies to players who are applying to play for an SANFL club from the year they turn 15 until the year they are 18. A player can not play SANFL U16 football or above until the year they turn 15.

There are several options for a player who wants to play for a club for which he is not zoned.

1. The out of zone club pays the players zoned club \$5,000. There are also incremental payments of \$4,000 on the player's first league game, and \$3,000 on their 10th and 25th games.
2. The out of zone club organises a player transfer with the zoned club for a player of like ability. Future charges may or may not occur depending on the arrangement between the Clubs.
3. The father of the out of zone player has played one or more League games for that club, the player is then free to play at the out of zone club.

A player is able to train and play in the Under Age Development Squads for any club. However to participate in the Under 15 Championships, an out of zone must have been signed by that Club ie, the transfer fee paid, or a swap organized.

Any out of zone player who trains with the North Adelaide Football Club Youth Squads will be kept well informed of his options and the likelihood of any deals eventuating.

SANFL / AFL TRANSFER FEES

Affiliated League and Association Clubs shall be entitled to receive compensation for the loss of services of registered players under the following conditions.

Previous conditions where a player had to play 30 SANFL League games has now been abolished and replaced by the:-

SANFL Debutant Talent Fee Model

- \$500 talent fee paid to an affiliated Club who produces an SANFL League Debutant accompanied with a letter from SANFL CEO (SANFL Club will be acknowledged in letter)
- Affiliated Club receives a framed photo of player
- Only local South Australians are eligible
- A weekly article on the SANFL and SACFL website and in the SANFL Budget (article to be provided to local Club, League and paper)

Upon being drafted by an AFL Club (Regulation 14.7.6), the Club, League and Zone shall receive the following.

As from the 2014 Draft each SANFL League Club now receives \$50,000 regardless of the number of players drafted.

The Community Football Board currently receives \$5000 for every player drafted. These amounts are split between the zones, Leagues and Clubs in accordance with their regulations.

The amount forthcoming from the AFL varies from year to year and is at the discretion of the AFL/SANFL. This update is effective for the 2014 Draft.

This is currently under review.

NAFC LOCAL CLUB/SCHOOL POLICY

CLUB FOOTBALL.

The North Adelaide Football Club encourages all players who are not selected on any given weekend or are no longer required by the North Adelaide Football Club, to return to their club of origin.

The North Adelaide Football Club encourages all players who are not selected on any given weekend or are no longer required by the NAFC, ***to return to their club of origin.***

In the Under 16 grade, all players who represent North Adelaide on Saturday will be expected not to play for their club of origin on Sunday as per SANFL Juniors Regulation 6.7.1. *A Player who is over the age of fifteen (15) years on January 1st in the current year playing for a SANFL League Club on a Type 2 permit, or playing in trial games for State Representative teams shall play only one (1) match in any 72 hour period*

In the Under 18 age group, players who represent North Adelaide on the Saturday will not be permitted to play for their club of origin on Sunday. Any questions regarding this policy need to be directed to the Coach Craig Brooks.

COLLEGE FOOTBALL.

All players who attend a school that has a team entered in the ISSA Competition will be required to play for their school. These players are encouraged to keep training at North Adelaide, even when playing for their school. However the Club is very aware of both football and School commitments and suggests the player consults with their respective Coaches to ensure there is a sensible workload.

The North Adelaide Football Club strongly supports the SANFL Juniors, ISSA and Country League/Association Competitions, and is very mindful of the role they play in developing the players for the AFL and SANFL.

NAFC DEVELOPMENT SQUADS

PHILOSOPHY

The aim of the squads is to get the best players into the elite system and give them the chance to develop the skills of football with the more talented players in the North Adelaide zone.

Players develop at different ages and North Adelaide believes it is critical to expose as many good players as possible to this program. It is the start of the elite pathway and a critical step if a player is keen to progress in their football.

COUNTRY TRAINING SQUADS

The North Adelaide Football Club conducts summer training squads in the Northern Areas, Port Augusta and Port Pirie. Squads train at various times to suit the region.

The age groups concentrated upon are Under 15 and Under 16.
